# TERRORISM AND VIOLENCE PROTEST DAY

Organised by  
NSS CELL of

MANOHARRAO KAMDI MAHAVIDYALAYA, Nagpur  
on 21/05/2021

## IMPACT OF COVID 19 AND TERRORISM:

Violent extremists across the ideological spectrum view the **global pandemic** as an opportunity for expansion. While **COVID-19** and several measures taken by governments around the globe have contributed to the suppression of the activities of violent extremist and terrorist groups, the new “normal” created by the crisis can also play into the hands of violent extremist and terrorist groups. Biological Weapon is also a cause of creating terror among the global citizen to sovereign and empower the affected Nation. We as a civil citizens need to look into this matter seriously.
