Perspective Plan 2023-24

Internal Quality Assurance Cell – Recommendations

The Internal Quality and Assurance Cell has made the recommendations of the following items keeping in mind a perspective plan for the development and the progress of the Institution. They are as follows.

1. Projectors: - Projector's play a significant role in today's life by enhancing the learning experience and facilitating effective communication. It can make the lessons more engaging and dynamic. With the advent of ICT in teaching -learning, projector has become an indispensable tool in the classroom. Rather than writing notes across a board, teachers can make use of PowerPoint presentations, images and even film screening as teaching tools using projectors. Consequently, teachers and students alike find projectors to be useful classroom devices. Therefore 2 projectors are to be procured along with 2 Central Processing Unit (CPU) with speakers for effective teaching learning process.

Sr.No	Equipment	Quantity
1	Projector	01
2	Central Processing Unit (CPU)	02
3	Speakers	01 Set

2. Seminar Room cum Smart Classroom: In a seminar room, teachers can hold meetings and discuss problems regarding admission, staff, development, evaluation, new idea of teaching or relevant innovations etc. The chief intention for the seminar room cum smart classroom is to provide an atmosphere that facilitates effectual and decisive meetings. Therefore, the following gadgets are required to make seminar room that can also be converted into a smart classroom as per the need and demand namely chairs and tables, high-tech AV system and good lighting.
3. Library: -It is considered as the repository of knowledge and research, so it is the need of the hour to supplement it with the latest publication of books and journals along with the stacking to keep them in healthy condition.

4. To upgrade and expand Infrastructural Redevelopment as the building is getting dilapidated with passage of time.
5. To facilitate student centric approach, we will focus on student support and extracurricular activities. To increase the number of collaborations with other colleges and Industries and to establish faculty and student exchange programmes with other colleges. We require collaborations with industry to provide practical exposure and career opportunities, and to explore possibilities for active industry participation. To conduct interactive feedback, analysis & monitoring. Distribution of books and uniforms to poor students will also be implemented.
6. Regular workshops and extra courses pertaining to Development programmes and collaborations the course curriculum to be organized. To organise interdisciplinary seminars, workshops, conferences. To increase publication of research papers in reputed journals with good impact factor, Offer specific and targeted training to teachers & students and to conduct FDP on NEP 2020 to make the faculties aware of the new policies and regulations.
7. Green Initiative-To Implement ecofriendly practices, energy conservation measures and implement the existing awareness programmes on environmental issues and promote green initiatives and sustainability practices and ecofriendly campus initiative.
8. Alumni engagement and relationships to be strengthened and the network to be broadened to support current students and foster lifelong connections. Organize Alumni driven events and leverage their expertise to enrich the college's programmes and Resources.
9. To encourage community engagement initiatives, social outreach programmes, and socially impactful projects to be strengthened and engage the students in community services and social services for societal impact and to organise more community service activities to contribute to the wellness of the society.
10. Skill Development- To introduce skill-based Training programmes and workshops to enhance students' employability and entrepreneurship prospects.

These perspective plans will be adopted to fulfil the specific needs and objectives of the college, enabling it to evolve and excel in the rapidly changing educational landscape. The success of these plans lie in its effective implementation to ensure they align with the college's mission and contribute to its growth and development.
